APPRENTICESHIP

SCHEME OF THE WEEK

Schneider Electric is an international firm with a large base in Telford. They are leaders in the field of energy management and automation in homes and businesses. Applications have just opened for their Apprenticeship scheme and opportunities are available in Business, Marketing & Sales, Technical, Engineering, Data & Sustainability.

Pupils can use this easy to use free tool to identify their skills and interests and then use this information to explore the jobs and industries that may suit them. Pupils will receive tailored advice on next steps, including subject choices for post GCSE study and tips on universities to consider.

THE CAREER QUIZ

HM Treasury

12th February
5-6pm

Explore Careers at HM Treasury

Exclusive Virtual Insight Event

HM Treasury is the **UK government's economic and finance ministry**, responsible for **public spending, economic policy and sustainable growth**. This event is suitable for Sixth Formers who want to explore a career in **business, finance, policy or economics** as a graduate or an apprentice.

Medical Futures Conference

Saturday 1st March 2025, 9am – 5.30pm

Aimed at Year 11 and Lower 6th pupils the day will cover all aspects of the highly selective admissions process. There will be opportunities to talk to practicing doctors, medical, dental and veterinary students and experts in the admissions field from 20 different universities. There are short talks on life as a medical student, UCAT, interview technique and work experience, plus workshops offering hands-on clinical skills.

ON Spotlight

Eliot Higgins is a citizen journalist known for using open sources and social media for investigations. He is the founder of Belling Cat an investigative journalism website that specialises in fact-checking and open-source intelligence. He has investigated incidents including the Syrian Civil War, the Russo-Ukrainian War and the downing of Malaysia Airlines Flight 17.

Sports Performance Analyst

Performance Analysts generally work with elite athletes. It is a specialist discipline involving systematic observations to enhance performance and improve decision making, primarily delivered through the provision of objective statistical (Data Analysis) and visual feedback (Video Analysis). Key skills for sports performance analysts include solid technical knowledge of the sport in question, strong analytical skills and excellent communication skills
