

CareersInsights

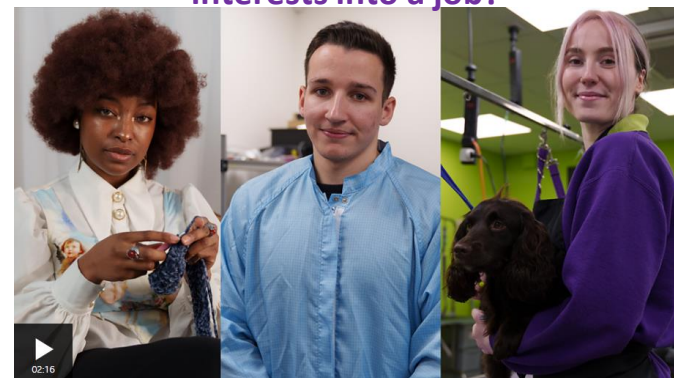

These newsletters normally focus on pupils in Year 10 and above as they prepare to make important decisions about their future. This week is focused on supporting pupils in Year 7, 8 and 9 to think about the future and the resources available to help them.

Take the Buzz Quiz

To help you discover your strengths and what makes you tick and to understand how others may see you. Explore subject choices and jobs that could suit you in the future.

How can you turn your passions and interests into a job?

Deciding what job you want to do can be tough but what if you could make a career out of the thing you love most in the world. Hear from three young people who've turned their lifelong loves for art, computer programming and dogs into careers.

Where could your favourite subject take you?

Whether you love history, maths, computer science or art there's a career choice that will allow you to pursue your passion. Hear from people who are using subjects that interest you, and find out what qualifications you might need to follow in their footsteps.

Year 8 pupils will soon be taking on a Dragon's Den style challenge and Year 9s recently aced House Entrepreneurship. Pupils with entrepreneurial ambitions can check out which subjects will be most useful to support their future success in the business world.

4 school subjects that could help you become an entrepreneur

THE TOP 5 JOBS

5 Nurse

4 Lawyer

3 Teacher

2 Engineer

1 DOCTOR

The results from this survey, about the jobs UK teenagers want, closely match what we see at Adams – Engineering and Medicine are the two most popular subjects for our post 18 leavers. Click on the image above if you'd like to read more and find out which companies young people want to work for and what they are motivated by – the good news is that **happiness** and a sense of **job satisfaction** are the two biggest motivators for today's teens.
