**Spring 2026 Issue 1**

## Applications to the Sutton Trust summer school programmes for 2026 are now open

The Sutton Trust Summer Schools give Year 12 pupils the chance to experience university life first-hand. Through academic sessions and campus activities, students gain the confidence to choose what and where to study, strengthen their applications, and build a network of like-minded peers. Watch the video to learn more.

This **FREE** Digital Skills in the Workplace course is suitable for **pupils aged 16+** and includes:

- Live Q&A sessions with STEM professionals exploring digital careers and workplace skills.
- Fun, interactive activities that help pupils build digital confidence and strengthen their CV, application forms and/or personal statement
- Direct support from an industry mentor to complete a project using their digital skills to solve a real workplace challenge.
- A Silver Industrial Cadet Award upon completing the course.

## “Beyond GCSEs: Post-16 Choices & Apprenticeships Unwrapped”

Join our live Parent/Carer webinar to explore post 16 choices.

We recognise that A Levels at our Sixth Form are not the right choice for every pupil. Post-GCSE options can feel overwhelming, especially with new qualifications and course types that parents and carers may not be familiar with. This session is designed to help parents and carers understand the full range of post-16 pathways — including A Levels, T Levels, vocational routes and apprenticeships — and explore how they can best support young people with their next steps.

## University & Gap Year Fair at Shrewsbury School

In addition to our own Careers & Education Fair on Friday 23rd January pupils in Year 11 and above are invited to attend Shrewsbury School's event. This takes place on the PD day following House Music and will include around 40 universities, including institutions such as UCL and Imperial that are not attending our fair. Pupils may attend independently, but they must email [futures@shrewsbury.org.uk](mailto:futures@shrewsbury.org.uk) to book a place.

## UNIVERSITY & GAP YEAR FAIR 2026

Meet 40 universities & Gap Year providers

**13 FEBRUARY 2026**  
12.30 - 3PM

If you have feedback about the careers programme at Adams please **contact me**.
