**Spring 2026 Issue 4**

## Welcome to EDT for Skills

### Digital Skills in the Workplace programme

EDT and Industrial Cadets Digital Skills in the Workplace programme is a fully funded online opportunity designed to help students build the digital skills employers actually look for - and strengthen their CV at the same time. Participants will build practical digital skills for the workplace, work with professionals in digital and tech-enabled roles and complete a mentored project. The programme is designed for those aged 16+, is FREE and can be completed alongside school commitments.

### Love Physics?

You're invited to an exciting digital webinar series - made by students and presented by students! These physics webinars are your opportunity to experience what it's like to study at Lancaster - one of the UK's top physics departments.

**Thursday 19th Feb 5:30pm**

Is space-based solar power possible?

Optimising the application of leak-sealing sprays.

**Thursday 19th March 5:30pm**

Stellar evolution: using colour magnitude diagrams

Overheating LEDs: a practical redesign.

Are you an aspiring legal professional in Year 11 or the Lower Sixth searching for some much-needed work experience to add to your CV? This could be the perfect opportunity for you!

Whether you're considering a solicitor apprenticeship or exploring the traditional university route, this exclusive Clifford Chance Virtual Work Experience Day is your chance to gain first-hand exposure to the legal world during February half term.

Law firms are highly competitive, and work experience like this makes your application stand out. If you're serious about a legal career, this is your chance to connect with a Magic Circle firm, learn from the best, and take your first step towards a successful career.
